11401 LEESVILLE ROAD · RALEIGH, NC 27613 · 919-847-8205 · 919-870-1790 (FAX)

Dear Friend in Christ,

Welcome to the Catholic Community of St. Francis of Assisi! We're happy to have you among us and pray you'll find our parish to be a welcoming, spiritual, and Christ-like community of faith. We are grateful whenever someone chooses to become a registered member of our faith community.

I hope you will become an active and participating member. Our community is a great place to make connections, meet people, and share common values and beliefs. If you are not from this area, the parish can give you a feeling of belonging because of the way it connects you with your spiritual roots. We make every effort to make our worship meaningful and fulfilling and we take seriously our baptismal call to help those in need.

As a community committed to discipleship, we ask you to consider how you might share your time, talents, and treasure with us. We have many organizations that serve our parishioners and those beyond our community. Your financial support is also important as we grow and find ourselves with more needs to fulfill.

Welcome to St. Francis. May God bless you today and always.

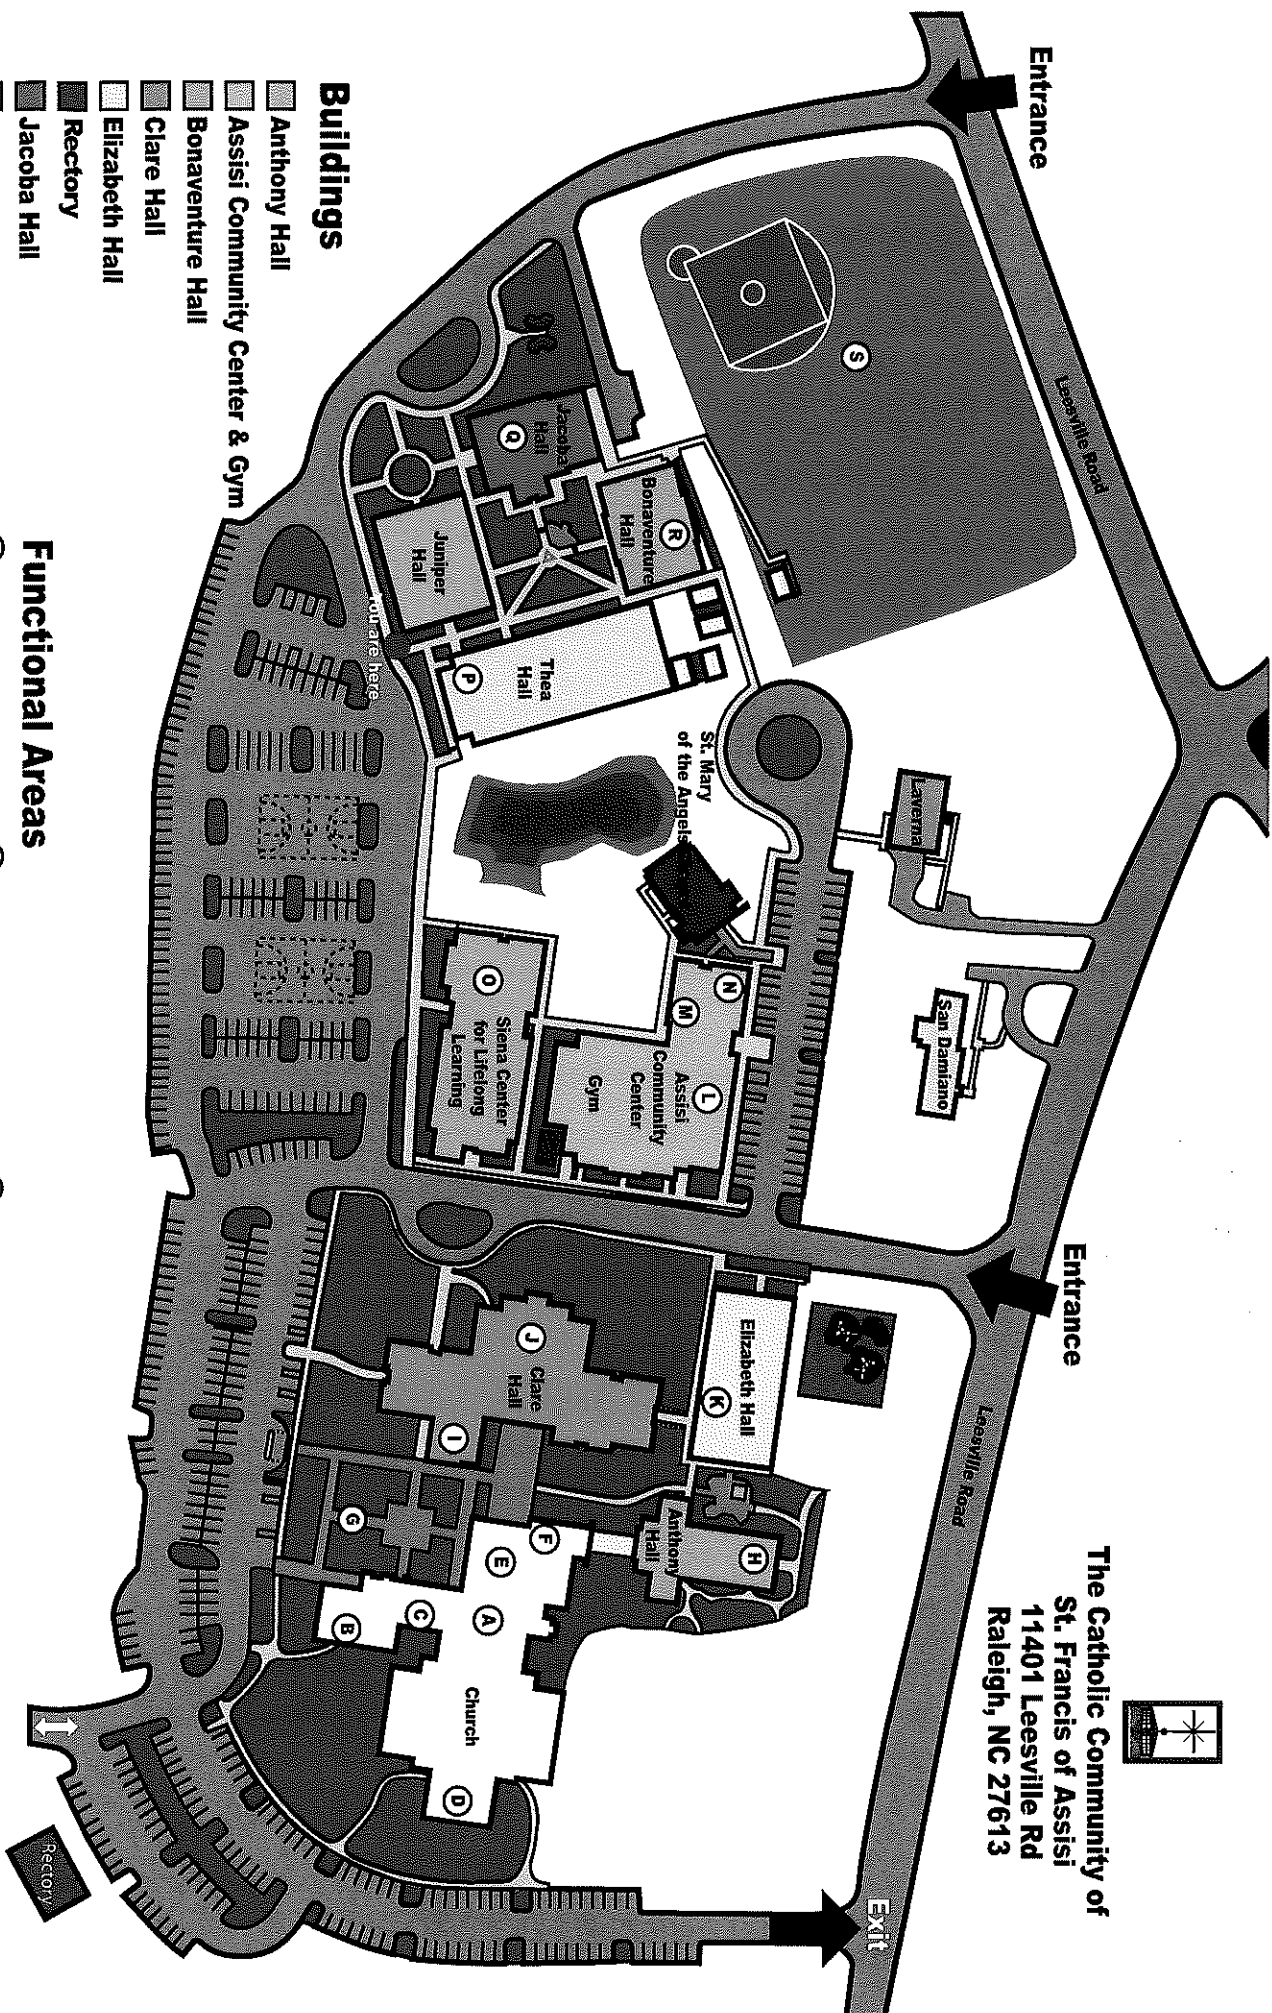

Sincerely in Christ,

A handwritten signature in cursive script that reads "H. Michael".

Msgr. Michael Clay, D. Min.  
Pastor

# Who We Are

The information presented in this section of the report represents the collective wisdom and experience of longtime St. Francis of Assisi parishioners who served as staff members, held or continue to hold leadership positions on parish councils and committees, participated in various ministries, and helped create foundational parish documents and reports. This section also includes the founding parish Mission Statement—a vital document that, in many ways, continues to exemplify the essential character of our parish.

**We are diocesan partners.** We are a Roman Catholic parish of the Diocese of Raleigh and serve the Diocese as active and contributing members. We cherish our Bishop. Our parishioners work productively with other parishes and diocesan ministries.

**We are a Vatican II church.** We are a parish of reconciliation and reform. We operate in the contemporary realm as we seek to understand and respond to “the signs of the times.”

**We are welcoming to all.** We welcome all people who come to worship with us, including the marginalized and those who come from other faith communities and faith traditions. Our welcome to all is part of every Mass celebration. For many, we are the Catholic parish of last resort for individuals who struggle reconciling their faith with more orthodox Catholic leanings. We believe a welcoming parish is an evangelizing parish that reflects the light of Christ and speaks to the hearts of individuals.

**We are formed by Franciscan principles.** We love our patron saint, Francis of Assisi, and are inspired and challenged by the example of his life and his work. We believe all creation reflects the truth and goodness of God. We have compassionate concern for others and a reverence for the natural world.

**We believe in the transformational power of liturgy.** Through the Word of God, inspiring and challenging homilies, and music, we are nourished and encouraged to live out the gospel message in our everyday lives. We celebrate the Holy Eucharist to remember Christ’s sacrifice so that we may strive toward faith-filled lives. We are active participants in liturgy, both as volunteers and as members of the assembly.

**We believe in the formative benefits of Catholic education.** The Franciscan School and St. Francis Preschool are dedicated to education that fosters a Christ-centered way of living and celebrates the Kingdom of God on Earth. We strive to make tuition affordable and have dedicated a 10% offertory tithe for tuition assistance to needy parish families. We wholeheartedly support an excellent faith formation program for all the children of the parish as well as multiple options for adults.

**We encourage lay involvement and empowerment.** We believe in the active participation of the laity in parish matters. We understand that our involvement at SFA is in service to our Pastor and Bishop, but we also understand that the work of the church requires more than clerics alone can provide. We have enjoyed extremely collaborative working relationships with the friars throughout their time in the parish.

**We address the needs of others.** We embrace and are devoted to the Social Justice teachings of the Catholic Church. We seek to spread the gospel through deeds as well as through liturgy. We reach out to those suffering among our own parish family and to our city and broader world, especially to the marginalized, poor, and oppressed. From the beginning of our history, we have asked, “What does the city need and how can we help?” A 10% offertory tithe to social justice has been a part of our commitment to the larger community for over three decades.

## **Founding Mission Statement of The Catholic Community of St. Francis of Assisi**

The Catholic Community of Saint Francis of Assisi  
is a gospel faith community baptized into the life,  
death and resurrection of our Lord Jesus Christ.  
We believe that our earth and all life is sacred,  
that all people are gifted with God's grace and  
called to build God's kingdom on earth.

We believe that kingdom is a kingdom of justice  
and peace, faith and hope, love and acceptance.

That kingdom belongs to the least among us.

We are one family living in community confronted,  
challenged and comforted by the word of God,  
reaching out to all persons and their families.

We are contemporary Catholic Christians,  
sharing the ministry which belongs to each  
of us in partnership with our Bishop.

We are inspired by the simplicity of Saint Francis and his friars.

We are responsible stewards of our talents and worldly goods.

We celebrate our faith by worshipping together,  
experiencing Christ in Word and Eucharist and one  
another, in natural and simple surroundings.

We grow in knowledge of our tradition and  
the meaning of our oneness in Christ.

We welcome with joy all those who come to us and  
invite them into the life of our community.

We bear witness to those who do not know Christ,  
by living our faith and spreading the good news.

We reach out in a special way to those who hunger  
and thirst for human dignity: the poor, suffering and  
oppressed people in our community and in our world.

# History and Turning Points

In this report section, we offer a brief summary of our parish history, highlighting leadership transitions, periods of growth, and key strategic initiatives from the year St. Francis of Assisi was founded to the present.

---

## 1982

The Catholic Community of St. Francis of Assisi was founded after a group of community members persuaded Bishop Joseph Gossman there was need for a new parish in the rapidly growing Raleigh area. The parish began under the leadership of **Fr. James English**, a Jesuit priest. It came to fruition through tremendous grassroots efforts within the lay community, financial support from several Catholic churches in the Diocese including St. Raphael's and Our Lady of Lourdes, and the hospitality of other faith communities in the surrounding area. The spirit of collaboration, solidarity, and empowered laity that made SFA's founding possible continues to characterize the parish today.

---

## 1987

Fr. Jim left SFA abruptly and an interim Pastor was assigned by the Diocese. The sudden transition was difficult, particularly because the interim Pastor struggled to understand and operate within our parish's unique culture. During this period, many people left the young parish. In the same year, the laity appealed to Bishop Gossman to permit friars from Holy Name Province (HNP) to serve our community. SFA parishioners also met with the HNP leadership about the possibility of sending friars to Raleigh, among them **Fr. David McBriar**. Fr. David was intrigued by these individuals "who seemed to take matters into their own hands." When the Province decided to establish a "mission church" in the Triangle, he assumed the role of Pastor.

---

## 1987 – 1995

Under Fr. David's leadership, our fledgling parish grew—informed by the Franciscan charism—to include a diverse array of ministries, and staff and volunteer leadership flourished. Parish life was guided by a question that Fr. David continually posed: *"What does the city need and how can we help?"* Importantly, SFA strengthened its ties to the larger Diocese during this time. The **Parish Center** (now Clare Hall) was dedicated in 1991. This construction occurred in response to continued growth of the parish, which was approaching 2,300 families in size at this time. The Center included offices, meeting/class rooms, and a fellowship space to accommodate a host of social, recreational, and ministry-related programs. During this time, a burgeoning focus on formation for preschool-aged children led to the establishment of the **Early Childhood Learning Center** (now St. Francis Preschool).

---

## 1995 – 2000

**Fr. Dan Kenna**, a friar who had served as Associate Pastor of SFA during Fr. David's tenure, was appointed as the next Pastor. He arrived during the final stages of **construction for the new sanctuary**, which was dedicated in 1996. Fr. Dan brought with him a passion for supporting the religious and spiritual development of young Catholics, which dovetailed with an emerging need for Catholic education in the Raleigh area. Accordingly, he worked closely with lay leaders at SFA to envision and plan for the institution of a K-8 school to be affiliated with our parish. He also urged faith formation across the lifespan through parish-wide initiatives like **Called & Gifted** and **Communities of Salt & Light**.

---

## 2000

---

The **Franciscan School** was dedicated after three years of prayerful planning and construction and enrolled 350 students in its first year. This marked a significant expansion of our parish's purpose and scope, as well as an even deeper commitment to our Franciscan identity. As Fr. Dan commented when the decision was made to build a school, "There is something unique, something distinctive about the Franciscan approach to education. A Franciscan school in our parish will emphasize the dignity and value of each person. It will strive to cultivate the singular gifts and talents of each student so that they, in turn, might in their own day be committed to the on-going development of their world."

## 2004 – 2014

---

Fr. **Mark Reamer**, another Franciscan friar, assumed the role of Pastor. Like Fr. Dan, Fr. Mark had served as Associate Pastor before becoming Pastor and was thus known to members of our faith community. During the decade he spent in the role, Fr. Mark focused on **cultivating the stewardship efforts at SFA**. He also oversaw continued growth in infrastructure through the **2007 Growing in Faith Together capital campaign**, which funded the construction of St. Mary of the Angels Chapel, Assisi Community Center, and the Siena Center for Lifelong Learning. The Franciscan School continued to grow throughout Fr. Mark's tenure and was named a "Blue Ribbon School" in 2011.

## 2014 – 2020

---

Fr. **Steve Patti** became the fourth friar to serve as Pastor of this Catholic community. In many ways, Fr. Steve's time at SFA has been marked with questions about **how we, as a parish community, are called to "live in this house we built."** After years of growth, it has come time to reflect on how we balance *doing* (a defining characteristic of the parish since its inception) with *being*—being prayerful, discerning, and intentional about how we serve people in the parish and the broader world, and how we steward our resources wisely in those efforts. During this time, Fr. Steve has supported SFA's participation in the **Communities of Calling Initiative**, a national, five-year, grant-funded opportunity to engage in parish-wide activities and discussion about calling and vocation—as individuals and as a collective body. He also re-instituted the Pastoral Council in 2019, charging the group to begin a process of deep listening that would precede a phase of visioning and strategic planning.

## 2020

---

Holy Name Province announced their planned withdrawal from St. Francis of Assisi in January and the parish began preparing for a transition in leadership slated for Summer 2020. In March, the global pandemic prompted myriad changes in the life of our parish. These changes have been communicated to the parish via email, the website, and social media on an ongoing basis and can be accessed online via weekly e-newsletters and parish bulletins. Among our highest priorities in the wake of COVID-19 are: virtual Sunday Masses; virtual faith formation; daily prayer and reflection opportunities; distance learning for students in the parish schools; and outreach to those in need within and beyond our community via phone calls, social services, in-kind donations, and financial support.

---

# Who We Serve

Inspired by our patron, St. Francis of Assisi, and in accordance with Catholic Social Teaching, we believe solidarity with people on the margins of society—the downtrodden, oppressed, and suffering—is at the heart of our faith. We find these individuals not only in the broader Raleigh/Durham community and world, but also among our fellow parishioners, employees, students, and parents. We serve them through a vast array of ministries that reflect our community’s desire to love God and neighbor. It would be impossible to provide details about each and every ministry at SFA in this report, so instead we highlight just a few examples of how we serve within and beyond the parish. A full list of our ministries is available on the parish website.

## *Highlights Within the Parish*

**Divorce Care:** Separation and divorce can be one of life’s most difficult and isolating experiences. Divorce Care at SFA ensures that members of our parish do not have to face these experiences alone. The leaders of this ministry offer valuable resources to help people heal from the pain and trauma of divorce, and walk alongside them to offer support and guidance during a time of fear and uncertainty.

**LGBT Ministry:** Members of the LGBT community who felt like there was no place for them within the Catholic church have found a home at SFA and serve our parish in myriad ways through this ministry. In particular, they provide an invaluable presence to families who need counseling and support in this area. Many members of this ministry travel long distances to be faithful members of our parish.

**Traveling Eucharistic Ministers:** Whether permanently homebound or temporarily hospitalized, there are many members of our community who are unable to attend liturgy at SFA. For these parishioners, traveling Eucharistic Ministers are a vital touchpoint. Members of this ministry regularly visit Rex Hospital, senior living communities, and people’s individual homes to offer Holy Eucharist and connect in a meaningful way with those who cannot be physically present at Mass.

## *Highlights Beyond the Parish*

**Oak City Outreach:** In 2014, SFA began supporting the Raleigh/Wake Partnership to End and Prevent Homelessness in its efforts to establish Oak City Outreach (OCC), a permanent multi-service center in downtown Raleigh. At that time, we regularly sent volunteers to prepare and serve meals in downtown Raleigh. Since OCC’s dedication in 2019, we have provided ongoing volunteer support to the organization.

**Prison Ministry:** In 1985, Jeff Meyer, a St. Francis parishioner, was indicted for murder. Our friars continue to minister to Jeff and other prisoners on death row. Our parishioners continue to fight for reform of the death penalty and participate in a pen pal ministry with prisoners. Jeff serves as a sponsor for fellow prisoners who are baptized and confirmed on death row.

**Whitaker Home:** Since 2016, parishioners have been ministering out of a home in the South Park neighborhood of Raleigh by providing meals, tutoring, social services, and more to members of the local community. South Park is rich in African American history but the community now struggles with unemployment, addiction, gang violence, prostitution, and racial unrest. This ministry was initiated in partnership with Passage Home—an organization founded by a longtime parishioner that addresses affordable housing and systemic poverty in Raleigh.

# Signs of the Times

Our existing ministries are important reflections of issues that have touched the hearts and minds of St. Francis parishioners over the past 38 years. Many of our ministries are longstanding, addressing perennial needs in our society. Other ministries have come into being more recently in response to emerging issues in our world. As a parish, we believe in reading the “signs of the times” and responding appropriately with our time, talent, and treasure. In this vein, the Pastoral Council—in partnership with the friars, ministry leaders, parish and school staff, and members of various parish councils—initiated a Leadership Summit in September 2019 as one of its central listening activities.

The purpose of the Summit was to facilitate prayerful discernment of the “signs of the times” as understood by our faith community. Ahead of the Summit, the Council conducted research on issues of concern globally, nationally, regionally, and within the Catholic church; data points about these key issues were shared at the Summit as a starting point for group discussion. This report section highlights ten high-priority focus areas that were identified by Summit participants; we hope they will prompt future study and action in the parish.

- **Care of Creation:** *It is our Responsibility to respond to the Earth’s Climate Crisis. How might we meaningfully engage this issue?*
- **Depth of Spirituality:** *Do people feel supported and challenged to grow at all stages of their faith journey?*
- **Diversity & Inclusion:** *Why is our parish population less racially diverse than the Raleigh community?*
- **Effects of the Virtual World:** *How can we leverage technology to enhance belonging and augment person-to-person discipleship?*
- **Evangelization:** *How can we ensure that evangelization is at the core of how we serve and all we do?*
- **Institutional Skepticism:** *Individuals are increasingly skeptical of religious, government, and corporate institutions. How should we respond?*
- **Relationship & Belonging:** *Do diverse types of seekers find God and spiritual connection within our community?*
- **Secularism:** *How do we serve the growing number of youth and young adults who are religiously unaffiliated in a “post-Christian” society that embraces moral relativism?*
- **Social Justice:** *How do we educate, engage, and empower our community to respond faithfully to injustice in the world?*
- **Wellness:** *Mental, physical, and emotional challenges vary across age groups, races, genders, and phases of life. Locally, mental health among youth, young adults, minorities, and the elderly are rapidly becoming public health and safety crises. How can we better understand these challenges and respond accordingly?*
